
by Clarence Almon Torrey

I am seeking information on Moses Sanborn /Sanburn born about 1826-1830. I plan to use the book titled Supplement to Torrey's New England Marriages prior to 1700 in my genealogical research. This book provides a valuable source for tracing ancestors and understanding family histories. Clarence Almon Torrey, the author, has set high standards in his work, and I am familiar with his errors and corrections. His series of books, New England Marriages Prior to 1700, along with supplementary volumes, have been instrumental in my research. The New Haven Genealogical Magazine and its reprints by GPC also serve as essential resources. These two series of volumes are definitive for settlers in the New England region. I am looking forward to deepening my knowledge of my family's heritage.
